TO WHOM SO EVER IT MAY CONCERN

Dear Sir/Madam,

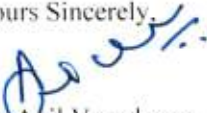

This is regarding Ms. Dharani (Hospital No. 3673310) 7-year-old girl, known case of Steroid dependent nephrotic syndrome. She is on steroids for the same. She is on steroid medication. She is been treated with multiple medications like cyclosporin, tacrolimus etc... As a future course of treatment, she requires 2 doses of Rituximab Injection and MMF for 2 years.

The approximate cost of 2 doses of Rituximab will be Rs. 50,000/- and MMF on monthly basis will be Rs. 5,000/-.

This family hails from Ananthpur, Andra Pradesh. Child father is working as attender in Sri Sathya Sai general Hospital and earns Rs. 8,500/- per month. Her Mother is a homemaker and she has two elder siblings, who are pursuing their education.

This patient is on regular followup (Since 2015) in our hospital despite of financial constraints. Therefore, we kindly request you to consider this case and help the needy.

Yours Sincerely,

Dr. Anil Vasudevan,

Professor & Head

Department of Pediatric Nephrology

St. John's Medical College Hospital

Bangalore -560034

Mr. Prakash Lobo,

Medico Social Worker
